Private Antenatal Care

At 3fivetwo, our aim is to enable expectant mothers to have a positive and reassuring pregnancy experience. We are committed to promoting an environment of medical excellence, informed choice and superior care throughout your pregnancy.

The complete antenatal care package includes:

- Antenatal consults from 8-10 weeks
- Extensive 3D Ultrasound service including foetal cardiac scan
- 4D Ultrasound service
- Medically required or preferred delivery option
- Post natal and Paediatric assessment
- Lifestyle advice & Midwifery support
- Referral for Parentcraft classes

We also provide a range of standalone antenatal ultrasound scans (including 4D), in addition to amnioscentesis, nuchal measurement, blood tests, parentcraft classes and post natal paediatric consults. These may be selected according to your individual needs or medical requirements.

Whether you visit us for ultrasound scans only, or for complete care, we aim to give you, and your partner, a reassuring environment to discuss your needs at this important and emotional time.
